SOUTH, LYNCH STREET  
MONROVIA, LIBERIA

## **Request for Expressions of Interest**

**Date: April 18, 2022**

**Name of Assignment:** Individual Consultancy Services for the Project Management Unit of the Liberia Urban Resilience Project (LURP) – **Social Safeguards & Gender Specialist**

**REOI Reference No.:** LR-MPW-288656 -CS-INDV

**Project ID.:** P169718

**Country:** Liberia

Dear Sir/ Madam:

The Government of Liberia has received a loan and grant facilities from the International Development Association /World Bank and the French Development Agency (AFD) and intends to apply part of the proceeds of these facilities to eligible payments under the contract for which this Request for Expression of Interest **for** Individual Consultancy Services for the Project Management Unit (PMU) of the Liberia Urban Resilience Project (LURP) – **Social Safeguards & Gender Specialist** has been published.

The Liberia Urban Resilience Project (LURP) is led by the Government of Liberia through the Ministry of Public Works (MPW) and financed by the World Bank (WB) and the French Development Agency (AFD). The proposed development objective is to increase flood resilience and access to urban infrastructure in underserved neighborhoods and to improve urban infrastructure planning and management in Liberia.

The scope of service for this position requires an experienced consultant to be the **Social Safeguards & Gender Specialist** shall work closely with the Environmental Specialist to design and implement social safeguards and other standards including gender inclusion activities. Other responsibilities shall be to advise on mitigation measures for risks related to sexual exploitation and Sexual Harassment & Abuse and ensure improvement where necessary as well as ensuring the prioritization of gender issues including female participation and representation and inclusion of other vulnerable groups including people with disability. S/he shall be primarily responsible to ensure the adoption, adherence and implementation of adequate safeguards measures throughout the project cycle and in tandem with all the Environmental and Social legal and regulatory frameworks of Liberia, as well as the World Bank's Environmental and Social Framework (ESF), Environmental and Social Standards (ESS), the Gender Action Plan (GAP) and the Labor Management Plan (LMP) of the project. The Specialist shall also ensure that the project complies and fully implements all the social obligations and guidelines developed for this project with

The duration of this service will be for **12 months** but renewable on an annual basis for a period up to six (6) years based upon satisfactory performance, project needs and available budget. Further details of this service are indicated in the attached Term of Reference. (TOR).

The Ministry of Public Works now invites eligible interested individuals to indicate their interest in providing this service. Interested individuals must provide information indicating that they are qualified to perform the services in accordance with the requirements set forth in the TOR including copies of their CV, attach photocopies of relevant applicable certificates/documents, description of similar assignments, experience in similar conditions, availability of appropriate skills, etc.

This procurement process will be conducted in accordance with the recruitment of Individual Consultant procurement/method contained in the World Bank Regulation for IPF Borrowers July 2016, Revised November 2017, August 2018, and November 2020, and the procedures described herein. The scope required is described in detail in the attached Terms of Reference (TOR). Copy of the Terms of Reference (TOR) can be downloaded at [www.emasion.gov.lr](http://www.emasion.gov.lr), [www.mpw.gov.lr](http://www.mpw.gov.lr) and [iiu-mpw.org](http://iiu-mpw.org).

Expressions of Interest must be delivered to the address below by hand, mail, courier or email on or before **May 16, 2022 at 4:30 pm:**

Terms of Reference (ToR)  
**Social Safeguards & Gender Specialist**, Project Management Unit  
 Liberia Urban Resilience Project (LURP)  
 Republic of Liberia

**1. Background**

The Liberia Urban Resilience Project (LURP) is led by the Government of Liberia through the Ministry of Public Works (MPW) and financed by the World Bank (WB) and the French Development Agency (AFD). The proposed development objective is to to increase flood resilience and access to urban infrastructure in underserved neighborhoods and to improve urban infrastructure planning and management in Liberia. The project proposes 4 components:

Number	Name	Activities	WB Financing	AFD Financing
Component 1	Climate Resilient Infrastructure and Urban Upgrading	Resilient infrastructure for climate risk management	US\$30-32 million	~US\$9 million (for Neighborhood upgrading)
		Neighborhood and market upgrading		
Component 2	Strengthening Integrated Resilient Urban Development Capacity	Laws/regulations, codes and permitting processes	US\$4-6 million	~US\$1.1 million (for strengthening Operation and maintenance and risks management capacities)
		Climate Resilient Spatial Development Plan for Greater Monrovia		
		Revenue mobilization and financial sustainability		
		Operations and maintenance of infrastructure (O&M)		
Component 3	Contingency Emergency Response Component (CERC)	The CERC is a zero-sum component that allows for the rapid reallocation of un-disbursed IDA funding for situations of urgent need in response to a natural disaster or crisis that has caused or is likely to imminently cause, a major adverse economic and/or social impact.	US\$0 million	N/A
Component 4	Project Management	Project coordination; procurement; financial management; safeguards; M&E; operational costs; etc.	US\$4 million	~US\$1.1 million

**AFD-financed activities** will provide basic services to local communities exposed to poor living conditions and high levels of vulnerability to climate change under Component 1, through the development of secondary and tertiary infrastructure in targeted neighborhoods and communities. Works will include three types of investments: roads rehabilitation including

pathways, drainage, lighting points and trees; water kiosks; and public spaces gathering different services (playgrounds, sports grounds, library, community hall, restrooms). Neighborhoods for interventions will be selected based on criteria agreed between the stakeholders and the funding agency are Lakpazee (Monrovia Community Council area), Woodcamp (Paynesville community council area) and Shoe Factory (Gardnersville township area).

**WB-financed activities** are focused on climate and flood resilience. Activities will include rehabilitating/upgrading/constructing drainage infrastructure in densely populated areas, and implementing blue-green-grey infrastructure, beyond traditional concrete drainages, such as protected green water retention areas, permeable paving, and rainwater capture. A feasibility and design study will confirm the specific geographic and technical scope of the investments. These will include areas of interest within Liberia, as well as, two sites in Monrovia City Corporation jurisdiction: (i) Northern Bushrod Island, and (ii) Central Business District (CBD), and two in Paynesville City Corporation jurisdiction, including (iii) Omega Market area, and (iv) Southeastern Paynesville. In the target areas where climate resilience interventions are envisaged, a small portion of the budget will be used for associated resilient upgrading interventions activities to support improvements in living conditions and access to public services. In addition, the project will support the strengthening of integrated resilient urban development capacity through four major areas of support including (i) Laws/regulations, codes, and permitting processes; (ii) climate resilient spatial development plan for Greater Monrovia; (iii) revenue mobilization and financial sustainability; and (iv) operations and maintenance of flood management infrastructure.

Both phases of the project will be implemented simultaneously but with different schedules due to reporting and administrative issues. The WB through its IDA financing has provided US\$40.0 million for this project while the French Development Agency (AFD) will provide co-financing in the amount of EUR10.0 million (US\$11.3 million). A parallel financing arrangement will be used, whereby the two development partners will finance their respective activities separately, while using the same umbrella program framework and the same implementation arrangements, including the use of the same Project Implementation Manual (PIM) and Project Management Unit (PMU).

The project will be implemented through a PMU, hosted by MPW comprised of the following profiles:

1. Project Coordinator
2. Lead Civil engineer
3. Civil engineer
4. Environmental Specialist
5. Social Safeguards & Gender Specialist
6. Communications & Community Engagement Specialist
7. Senior Procurement Specialist
8. Procurement Specialist
9. Finance Officer
10. Junior IT & digital communication specialist

The financial management aspects of the Project will be managed by the Project Financial Management Unit (PFMU) hosted by the Ministry of Finance, Planning and Economic Development while the PMU will provide operational support for financial transactions of the project.

## **2. Scope of Works**

This project requires contracting a Local Consultant to be the **Social Safeguards & Gender Specialist** (SSGS) who shall work closely with the Environmental Specialist to design and implement social safeguards and other standards including gender inclusion activities.
